

ART CAR BLOWOUT

1 April 2014

Join us for the 16th annual Seattle Art Car Blowout! Held in the Center of the Universe during the Fremont Fair - Solstice Parade and Pageant, June 21st and 22nd, 2014 (with an energy-packed kick-off party the night before, Friday June 20th). These are trying times which need to be balanced by joy and wonder. Will you join us to be part of the light?

Solstice Parade kicks off with 341 nude cyclists as 100,000 naked-under-their-clothes citizens line the colorful and curvacious route. A few short hours later the parade delivers the carnival and curbside crowd into the Pagent Grounds & Craft Fair. Mesmerized and giddy from songs, stilt-walkers, political prancing, people display smiles won from the life-affirming skits sequentially wrapped in a living ribbon of Giant Puppets, Colorful Human-Powered Floats, Salsa Marching Bands, and 50 of the Pacific Northwest's seductively sweat-soaked and sun-splashed Belly Dancers.
